

JCA-1400

A4/A3 Copy Paper Cutting and Packing Machine

QUICK DESCRIPTION

The equipment has a complete function from knife cutting, 500 sheets stacking, to packaging. The standard production line supports A4 or A3 copy paper, other types of paper need to be customized.

TECHNICAL PARAMETER

Model	JCA-1400
Productive capacity	16-20 reams/min
Wrapping Material	Roll laminated paper
Sealing Method	Hot melt glue
Power supply	380V/3Phase/4Wire
Motor power	5.1kw
Gluing power	2.2kw
Compressed air	0.6mpa
Paper size(Length×Width)	550-560mm×386mm
Overall dimension	4530×3050×1450mm
Weight	1.5T
Function of roll overwrap paper can be automatically cross cut and fed	16-20 reams/min
Specification of packed object	210×297×50mm (Based on the height 500 pieces of copying paper.)
