

# JCV-420A Auger Filler Packing Machine

## TECHNICAL PARAMETER

Model	JCV-320A	JCV-420A	JCV-520A
Filling capacity	30-500g	100-1000g	100-2000g
Bag width range	50-180mm	80-200mm	100-250mm
Bag length range	80-240mm	80-300mm	80-350mm
Speed	5-85 bags/min	5-80bags/min	5-70bags/min
Material type	Various composite membrane materials	Various composite membrane materials	Various composite membrane materials
Packaging host size (L*W*H)	1200* 820 * 1350mm	1450* 1200 * 1650mm	1430* 1200 * 1700mm

## QUICK DESCRIPTION

This machine is the best choice for dry powder packaging. It is including screw conveyor feeder, auger filler dosing system, vertical form fill seal machine (VFFS), finished product conveyor and accessories units.
